

KREKTIV GAME TOP OF ZURICH OUTDOOR PROGRAM

Your guide will welcome you in front of the reception of the Hotel UTO KULM. After a short introduction, we will form teams of approximately 5 persons. The goal of this game is to **discover the exciting surroundings of the Uetliberg** with all its specialities and hidden places.

The sense of orientation and teamwork – not walking – are the most important things to be succeeded in this game. The group with the highest number of points (also creativity will be evaluated) wins.

You will be equipped with a file including questions and tasks as well as with a digital camera. This way you learn more about the Uetliberg and its treasures. Also included is an active unit, which each group has to complete.

After the game, you have the opportunity to meet at the restaurant UTO KULM and enjoy a few appetizers before dinner. During this time, the guide will evaluate the questions and then announce the winner team.

Kreativ Game Top of Zurich
